

Certificate of Attendance

This certificate is presented to

Susanne Braun

for attending the bpb:game jam – Tomorrowcraft, in cooperation with the
German Federal Foreign Office

from May 28th till May 30th 2021.

The bpb:game jam is an event-series of the Federal Agency for Civic Education. The aim is to develop digital games of political education. Up to 100 game developers - and all those who want to become one - are invited. We discuss, design ideas and develop playable prototypes.

This purely digital event aims at breaking new ground in communicating both the importance and the complexity of sustainable development. And what better way to reach a broad audience than through a medium with which they spend a large part of their free time – computer games?

Course of the event:

- Opening presentations by Günter Sautter, Deputy Permanent Representative of the Federal Foreign Office to the United Nations in New York & Marina Ponti, Director of the UN SDG Action Campaign
- Creative exercises
- Project planning and prototyping
- Presentation of the results
